Where Your Dollars Go

Better Way of Life Fund

Full Access services are state funded. Fundraising supports our Better Way of Life Fund (BWOLF). BWOLF plays a crucial role in assisting clients when we are unable to cover the costs of a service or locate a free resource. It ensures that clients have access to additional support to meet their needs and goals, such as assistance with the first month's rent, addressing health and safety concerns, or achieving personal milestones like learning how to drive. Your support can significantly impact their lives! Visit our social media channels to read inspiring client success stories and learn more about how BWOLF supports them.

Public Awareness

Full Access is deeply committed to upholding the values that underscore our mission, particularly the right of individuals with intellectual and developmental disabilities (I/DD) to actively participate in and contribute to community life. To embody these values, we regularly organize inclusive community events, focusing on engaging the very community we serve. Our aim is to foster meaningful interactions and create safe, enjoyable spaces that enhance the connections between our I/DD and the broader community.
